

Making Friends Social Story

I-AUTISM.COM

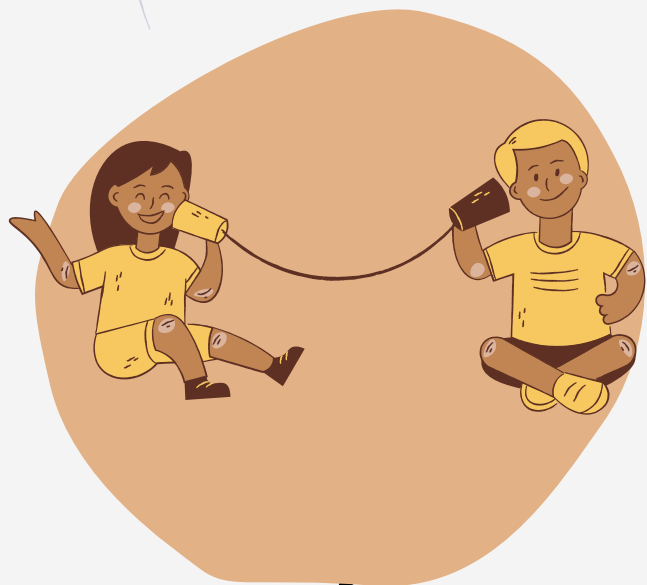

Making friends is fun.
I can make friends by being kind to others.

I can say "hello" to others to start a conversation.

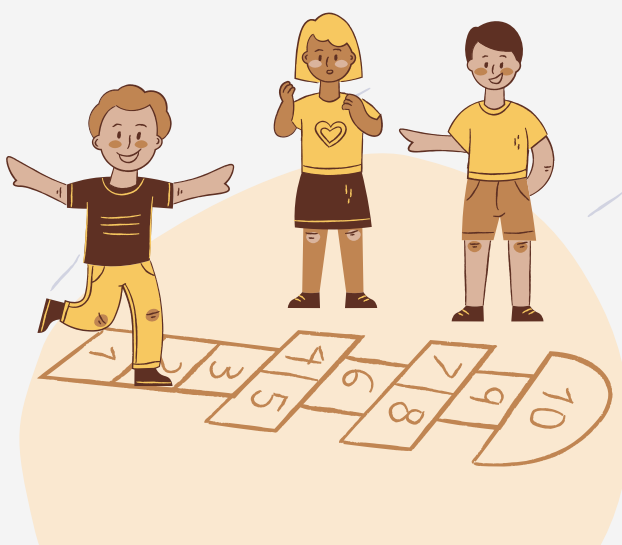

I-AUTISM.COM

I can ask questions about others' interests and hobbies.

I can share my own interests and hobbies too.

I can ask others to play or hang out with me.

If someone says "no" or doesn't want to play, it's okay to find someone else to play with or to do another activity.
