

# Taking Turns Social Story

I-AUTISM.COM

When I am playing with my friends, I need to share and take turns.

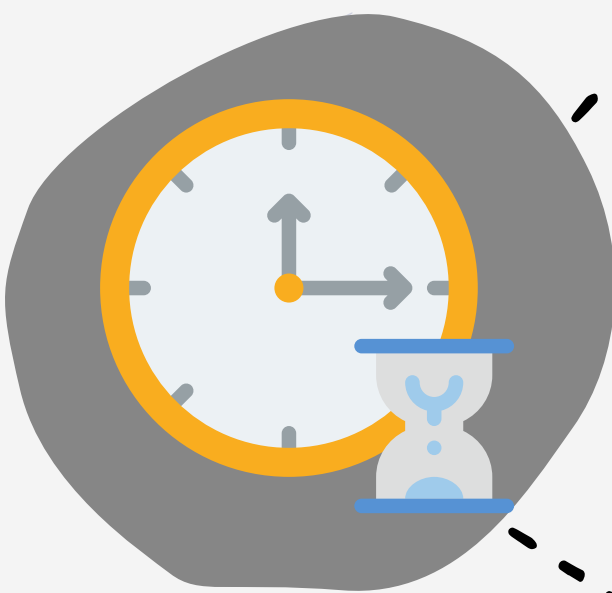

Taking turns means waiting for my friend to finish their turn before it's my turn.

I-AUTISM.COM

When it's my turn, I can play with the toy or game.

If my friend wants a turn, I need to give them a chance to play with the toy or game too.

**My turn!**

**Your turn!**

I can say "my turn" when it's my turn and "your turn" when it's my friend's turn.

Sharing and taking turns is fun and helps me be a good friend.
